ABOUT THE UNIVERSITY OF OREGON COLLEGE OF EDUCATION

The University of Oregon's College of Education is home to 14 academic programs and 14 research and outreach units, and we all have one thing in common: a spirit of discovery and dedication to creating positive change with the goal of a more equitable, educated and healthy tomorrow.

Our faculty work hard toward this mission, and are responsible for over 40 percent of the external research funding at our AAU member University of Oregon. Academics at the College of Education are rigorous, highly selective, and highly regarded. Our Special Education program has been ranked no. 3 in the United States for 20 years running, and we are ranked no. 4 in amongst American public universities' Colleges of Education.

Our inclusive class models create tightly knit communities of students who influence each other's success, and most students are involved in research as part of their program requirements.
